

<b>Job Title:</b>	<b>Project Manager</b>
Reports to:	Vice President of Operations
Department:	Operations
Location:	Pahrump, NV - West Business Unit (Arizona)
How to Apply:	Click on the link below to apply <a href="https://recruiting.myapps.paychex.com/appone/MainInfoReq.asp?R_ID=2828625">https://recruiting.myapps.paychex.com/appone/MainInfoReq.asp?R_ID=2828625</a>

**Position Objectives:**

Responsible for directing all infrastructure development safely and efficiently. Responsible for capital project identification, development, and execution in accordance with state and local regulations and company Standards and Specifications including Asset Management Plan and Master Plan. Responsible for all new development or new developer provided water and wastewater utility construction from initial contract negotiations through warranty termination. Works closely with Operations to assess utility performance versus the service levels. Assesses new acquisitions and works to assimilate them into the business unit. Supports technology opportunities, implementation and integration. Identifies OpEx to Cap Ex opportunities. Supports reports to the regulators including, but to limited to, State Commission, State and Local regulators.

**Context:**

As a regulated water and wastewater utility, we are regulated at the federal, state and local levels. This adds a complexity to project management, planning, development, record keeping, and reporting. Assets must be managed to extend life, identify critical assets, determine end of life and meet growth and customer level of service expectations. Records must be filed to meet not only internal and external policies and regulations, but also, to create a complete account of asset information including all aspects of each asset and the decision-making surrounding the asset.

**About the Corix Group of Companies**

Corix is a leader in the implementation and management of sustainable water, wastewater, and energy utility infrastructure for small to medium-sized communities across North America with consistent growth in our areas of expertise. We are a privately held corporation owned by the British Columbia Investment Management Corporation (BCI) with head offices located in Vancouver, BC and Chicago, IL. Inspired by our vision to build a world of sustainable communities, Corix is recognized as a community-focused provider of the essential utility services necessary to ensure the long-term viability of the communities and customers we serve.
